

# Money Champions

## Week 2

**Thankfulness:** What do you have at home that you couldn't live without?

This week is all about the difference between the things we **want** and the things we **need**. Money champions should be very clear about this because it helps them to make sure their money is being spent on the things they need the most.

**Activity:** What can you do?

**Scavenger hunt time!** You have 5 minutes to whizz around your house and find 5 items you think you *really* need and 5 items which are your '**wants**' (things you perhaps enjoy but you don't particularly 'need' them.)

After your time has finished, come back together and compare your items. How are your groups of 5 things different? How are they the same?

What are the most important things you spend money on in your home?

## Challenge: What Next?

Decide between you which are the five most important things you need in amongst your items. Post a photo on **Twitter** or **Facebook** of your five most important needs or film yourself talking about the top five things you need to spend money on. Explain why those things are important to you. You can write or draw pictures of your items using our handy lists below.
